### **Distinguished Speaker: Terry Tamminen**

Expert in business, farming, education, non-profit, the environment, the arts, government and an accomplished author, Mr. Tamminen will speak on

#### **Global Warnings: Solutions for the Climate Change Challenge**

Tamminen offers hope that we can tackle the defining issue of our time and prosper in the 21st Century.

Using the experiences from many nations and the “living laboratory” of California, he outlines the steps underway – and those still needed – to win the battle over human-caused climate change.

As the Secretary of California’s Environmental Protection Agency, Terry was the architect of the Hydrogen Highway Network, the Climate Action Plan, and the Million Solar Roof Initiative, all of which will play a key role in ending our dependence on fossil fuels and combating global warming.
